With the help of a parent or guardian, cut out the tokens below. Choose which character you're going to be, and your opponent will be the other character.

Taking turns, place one of your characters on the board at a time. The first player to place three of their characters in a row, whether it is horizontal, vertical, or diagonal, has won!

If neither player is able to get three in a row, the game ends in a tie!

# MATCHING PAIRS

With the help of a parent or guardian, cut out all 10 cards below. Place the cards face down on a flat surface and spread them out so they are not on top of each other. Player 1 flips two cards to try to find a matching pair. If the cards match, Player 1 gets a point and gets to go again. If they do not match, the cards are flipped back over and it is Player 2's turn. Continue until all the pairs are discovered. Whoever has the most pairs at the end wins!
